Alan

My apologies I am having a hard time creating a zip file to send to you. Somehow the size of the zip file is 14 MB. I will try again on Monday.

I will be sending you 17 files. They are biennial review related documents with DEQ comments within CZARA area. I am submitting some of the documents you have received from ODA, but also includes earlier biennial review documents that ODA did not submit.

Sorry again. Have a good weekend,  
Koto
